2017 Los Angeles County Air Show Recap. The annual Los Angeles County Air Show was held at Fox Field on March 25th and 26th. Those that attended were treated to an amazing show featuring the Air Force Thunderbirds, heritage flights, aerobatic routines and many other flying demonstrations just to name a few. In addition to all the flying there were many amazing static displays and aviation and space displays and an enormous STEM interactive tent. For those that didn't make it out, I highly recommend checking it out next year. You won't be disappointed!

County Hangar Inspections. We've completed our first round of County hangar inspections and thank you to all that came out to help us complete this important process. For those that missed the inspections; please give us a call in the office at (818) 896-5271 to set up a time for your inspection. We are available seven days a week, by appointment, to complete your quick and easy hangar inspection.

Vehicle Access Gate Cards. As a reminder; the new vehicle access gate cards that were issued in 2014 when our new gates were installed require annual renewal, which is scheduled to coincide with the holder's birthday. Please stop by the office or call us during office hours (Monday through Friday, 8am-5pm) at (818) 896-5271 before your birthday to have your card renewed.

Support your Airport Association. Please come out on the 3rd Thursday of each month to the Airport Meeting Room at the Old Admin Office (new Civil Air Patrol HQ) and join the Airport Association for \$10 a year in dues. The next Airport Association meeting will be held on May 18th.

Looking For a New or Different Hangar? If you currently lease a tie down or if you're in a hangar and would like to move to a different hangar please stop by the Administration Office, Monday through Friday between the hours of 8 am and 5 pm, to discuss hangar spaces that are currently available. If the particular hangar of your choice is not available now, we will provide you with a hangar waitlist application to fill out so that we can move you in to the hangar of your choice as soon as possible.

Need Hangar Repairs? If you are having difficulty with your hangar please do not hesitate to call the office at (818) 896-5271 so that we may diagnose the problem and make the appropriate fixes.

Aeroplex takes over self-fueling at SMO

APRIL 14, 2017 BY GENERAL AVIATION NEWS STAFF | WWW.GENERALAVIATIONNEWS.NET

The City of Santa Monica, California, has selected Aeroplex Group Partners, a division of the Aeroplex/Aerolease Group, to provide interim management of Santa Monica Municipal Airport's (SMO) self-serve fueling station starting April 16, 2017, following the scheduled departure of American Flyers, the tenant that has been maintaining the facility.

"We recognize the urgent need to transition fuel operations seamlessly, so there is minimal interruption in service to the general aviation community," said Aeroplex/Aerolease Group President and CEO Curt Castagna. "In the process, we are conducting a complete evaluation of the system to assure improvements that will make fueling operations run safely, smoothly and efficiently for aircraft owners and operators who rely on the service at SMO."

Aeroplex Group Partners (AGP), the consulting division of the Aeroplex/Aerolease Group entities, also was awarded a contract with the City of Santa Monica in June 2015 to provide property management of specific airport leaseholds, as well as other airport consulting services.

"In the midst of the complex issues facing the airport operator, tenants and local community, we appreciate the opportunity to help ensure the safe and efficient management of Santa Monica Airport facilities," Castagna said.

Aviation Quote of the Month

Nothing ever built arose to touch the skies unless some man dreamed that it should, some man believed that it could, and some man willed that it must.
