- **Whiteman Display Day**
Every 2nd Sunday
10:00 AM – 2:00 PM

2015 Airport Commission Meetings

November 25, 2015 10:00 am	KEMT
December 2015 No Meeting	

From the Manager..

Andrew Marino, Airport Manager
amarino@americanairports.net

Whiteman Airport Association Holiday Party. The annual WAA Holiday Party will be held on Thursday, December 10th, at 6:30 p.m. As the Association has so generously done in previous years, they will be collecting food for the local poverty fighting organization MEND (Meet Each Need with Dignity), located just across the street from the Airport. We are asking for the following items should you decide to bring something to donate;

- Peanut butter
- Granola bars
- Trail mix/mixed nuts/dry fruit
- Dry soups
- Pull top canned soup
- Pull top canned meat & tuna

Thank you in advance for your generosity and we look forward to seeing you on the 10th!

Waste Oil Dumps. As most of you know we have two waste oil dumps here at the airport for the safe disposal of waste oil from aircraft. Unfortunately, while emptying these tanks recently, the liquids inside have been found to contain a mixture of not just oil but hydraulic fluid, antifreeze and other unknown chemicals. The dumping of any substance in these tanks other than waste oil from aircraft is strictly prohibited. Please report any unauthorized dumping you may witness directly to me at (818) 896-5271 or amarino@americanairports.net and thank you for your cooperation in this matter.

Fire Extinguisher Recertification Pickup. For those that dropped off a fire extinguisher during our November 17th fire extinguisher recertification; the extinguisher is ready for pickup if you have not already done so.

Looking For a New or Different Hangar? If you currently lease a tie down or if you're in a hangar and would like to move to a different hangar please stop by the Administration Office to discuss hangar spaces that are currently available. If the particular hangar of your choice is not available now, we will provide you with a hangar waitlist application to fill out so that we can move you in to the hangar of your choice as soon as possible.

Need Hangar Repairs? If you are having difficulty with your hangar please do not hesitate to call the office at (818) 896-5271 so that we may diagnose the problem and make the appropriate fixes.

Did You Know?

You can arrange to pay your monthly rent via credit card so it gets automatically charged every month.

Contact your Airport Manager for more information or to enroll in auto pay

Aviation Quote of the Month

Any pilot can describe the mechanics of flying. What it can do for the spirit of man is beyond description.

NBAA Tweets Against ATC Privatization

By Russ Niles | November 16, 2015 | www.avweb.com

NBAA has launched a social media campaign to try to convince Congress to reject a proposal to privatize air traffic control in the U.S. The **#NoPrivatizedATC** Twitter campaign hopes to show legislators the widespread opposition to the notion of an air traffic organization run outside the government, possibly funded by user fees. It's being heavily promoted at NBAA's annual convention in Las Vegas. The privatization idea, being heavily promoted by Rep. Bill Shuster (R-Penn), chairman of the transportation and infrastructure committee, would result in a not-for-profit company run by a board of directors made up of representatives of various groups with a stake in the continued operation of a safe and responsive air traffic system. NBAA thinks that's something that should remain with government and funded by fuel taxes.

So far hundreds of people have joined the Twitter campaign and NBAA is obviously hoping that delegates to the annual convention will pull out their phones and tablets and join in. About 25,000 people are expected to attend the three-day meeting at the Las Vegas Convention Center. NBAA's stance is that a government-run system with Congressional oversight that is funded by fuel taxes is the best way to keep the system accountable. But other groups seem to be downplaying the user fee aspect and point to the unstable government funding in recent years that has hurt modernization efforts and resulted in numerous "emergency" funding extensions.
