

Standing Meetings and Events

- **CAP Squadron 35**
Every Wednesday
7:00 PM
CAP Trailer
- **Whiteman Airport Association**
Every 3rd Thursday
7:00 PM
Administration Building
- **Aviation Explorer Post 747**
2nd & 4th Monday's
6:30-8:00
Pilot's Lounge
- **Young Eagles**
Every 4th Saturday
10:30 AM
Grassy Area adjacent to Pilot's Lounge
- **Whiteman Display Day**
Every 2nd Sunday
10:00 AM – 2:00 PM

2015 Airport Commission Meetings

May 27, 2015 7:00 pm	KEMT
June 24, 2015 7:00 pm	KPOC
July 2015 No Meeting	
August 26, 2015 7:00 pm	KCPM
September 30, 2015 7:00 pm	KWJF
October 28, 2015 10:00 am	KWHP

From the Manager..

Andrew Marino, Airport Manager
amarino@americanairports.net

The Los Angeles County Air Show. The second annual Los Angeles County Air Show was held at Fox Field on March 21st and 22nd. Those that attended were treated to an amazing show featuring the Air Force Thunderbirds, heritage flights, a B-29 flyover, the Marine Corp F-18's and Harriers and aerobatic routines and flying demonstration just to name a few. In addition to all the flying there were many amazing static displays and aviation and space displays and booths. For those that didn't make it out these past two years I highly recommend checking it out next year. The Blue Angels will be flying and you won't be disappointed!

American Heroes Air Show at Hansen Dam. The annual American Heroes Air Show will take place at the Hansen Dam Recreation and Sports Complex on Saturday, June 20th from 10 am until 4 pm. Admission to the event is free. The event features a diverse collection of helicopters on static display as well as flying demonstrations. Helicopters from local, county, state and federal agencies will be on display plus displays of specialized rescue vehicles and tac-

tics, technical rope rescues and safety demonstrations. Several helicopters will be operating in and around the dam so please keep that in mind for that day as operations in the air will be even busier than normal.

Storm Water Season. As a reminder; we are still in storm water season and we must ensure all rain water entering our storm water drains does so without picking up any pollutants along the way. Please remember that painting, sanding or the use of any chemicals or solvents is not permitted in or around storage hangars or tie downs. If you see potential storm water issues around the airport please do not hesitate to contact my office at (818) 896-5271 or Airport Operations at (818) 312-2911 so that we may clean up any potential problems before they become one. Thanks in advance for your help!

Support your Airport Association. Please come out on the 3rd Thursday of each month to the Airport Administration Building and join the Airport Association for \$10 a year in dues. The next Airport Association meeting will be held on May 21, 2015.

Looking For a New or Different Hangar? If you currently lease a tie down or if you're in a hangar and would like to move to a different hangar please stop by the Administration Office, Monday through Friday between the hours of 8 am and 5 pm, to discuss hangar spaces that are currently available. If the particular hangar of your choice is not available now, we will provide you with a hangar waitlist application to fill out so that we can move you in to the hangar of your choice as soon as possible.

FAA Monthly Seminars. There is an FAA Safety meeting every month. For meeting information, please see the website at <http://faasafety.gov>. It is held in the Civil Air Patrol trailer.

Need Hangar Repairs? If you are having difficulty with your hangar please do not hesitate to call the office at (818) 896-5271 so that we may diagnose the problem and make the appropriate fixes.

Aviation Quote of the Month

Aeronautics was neither an industry nor a science. It was a miracle.

— Igor Sikorsky

FAA Wants To Cancel 736 NDB, VOR/DME Approaches

By Russ Niles | April 20, 2015

<http://www.avweb.com/avwebflash/news/FAA-Wants-To-Cancel-736-NDB-VORDME-Approaches-223905-1.html>

The FAA has published a list of 736 NDB and VOR/DME instrument approaches it wants to shut down starting this year as it moves to satellite-based navigation. In a Notice of Proposed Rulemaking (NPRM) published April 13 the agency says the approaches facing the axe are "redundant or underutilized" based on criteria it established in 2014. The list includes approaches in every state and it's laid out alphabetically by state so it's easy for pilots or companies to see how it might affect

their operations. Not all the airports affected are small ones. Salt Lake City, Spokane, Newark, Teterboro, JFK and La Guardia are among the international airports that will lose their ground-based nav aids. Comments are being accepted until May 28.

The agency says it can't afford to keep expanding satellite-based services while maintaining the current ground-based infrastructure. "As new technology facilitates the introduction of area navigation (RNAV) instrument approach procedures, the number

of procedures available in the National Airspace System has nearly doubled over the past decade," the agency said in the NPRM. "The complexity and cost to the FAA of maintaining the existing ground-based navigational infrastructure while expanding the new RNAV capability is not sustainable."

Airports on the list include Brackett Field Airport (POC) and San Gabriel Valley Airport (EMT)

A copy of the list can be found online at

https://www.faa.gov/air_traffic/flight_info/aeronav/procedures/reports/
